

## SolidNetWork License Manager Installation

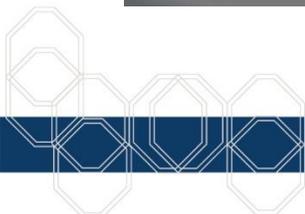

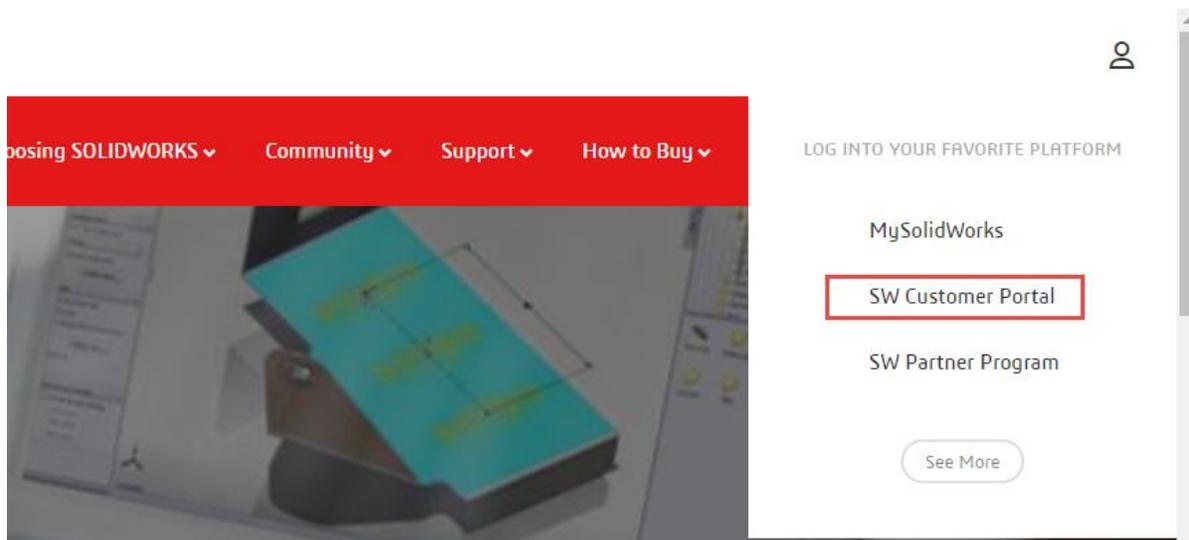

Installation of the SolidNetWork License Manager will be performed using the same Installation Manager used for all other SOLIDWORKS products.

### DOWNLOAD THE INSTALLATION MANAGER

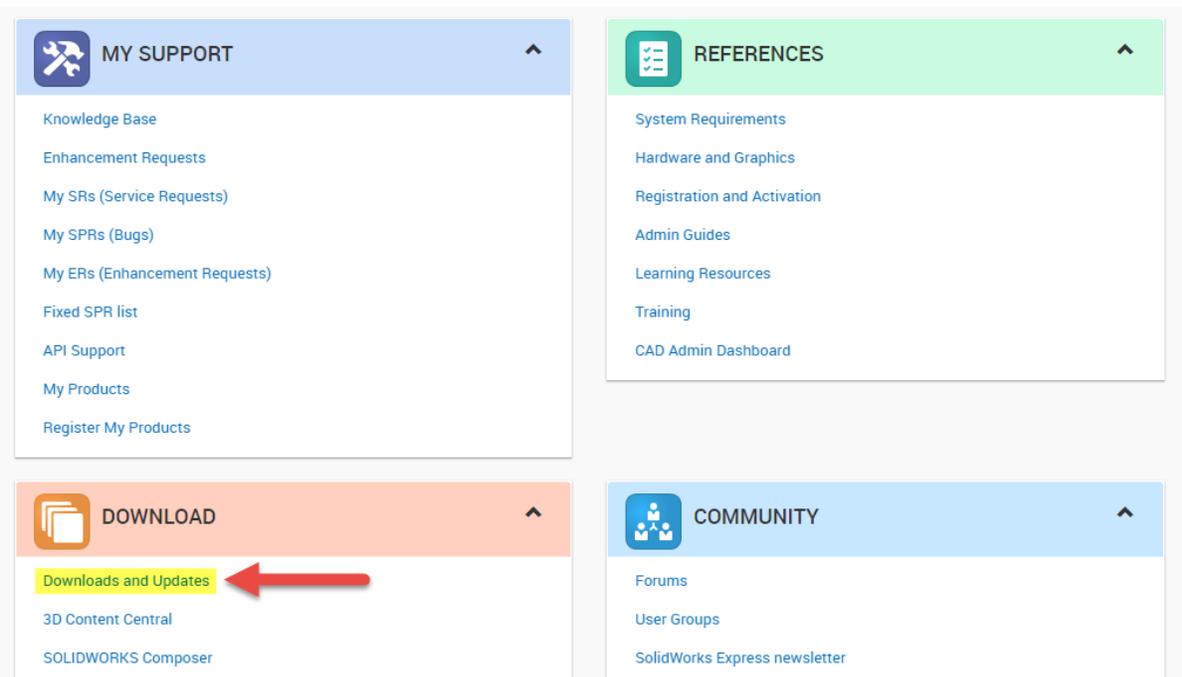

1. Navigate to [www.solidworks.com](http://www.solidworks.com) and select the profile icon on the top right of the page. If you are installing using a media DVD, insert the disk and skip to step 9.

2. On the dialog box that pops up select **SW Customer Portal**. Log in using your SOLIDWORKS ID.

3. Click **Downloads and Updates** from the Download area.

4. In the Downloads area, choose the version (i.e. 2018) and select the service pack you would like to install (i.e. 3.0).

## 6. Select the Download link.

**Download and Install**

The SOLIDWORKS Installation Manager manages the installation files and prerequisites necessary for a successful installation of SOLIDWORKS products.

**Step 1**

Internet Explorer users may see the following message. Installing this add-on will automatically download and install the SolidWorks Installation Manager during Step 2.

This website wants to install the following add-on: 'sldimdownload.cab' from 'SolidWorks Corporation'. If you trust the website and the add-on and want to install it, click here...

If you do not see this message or are not using Internet Explorer, proceed to Step 2.

**Step 2**

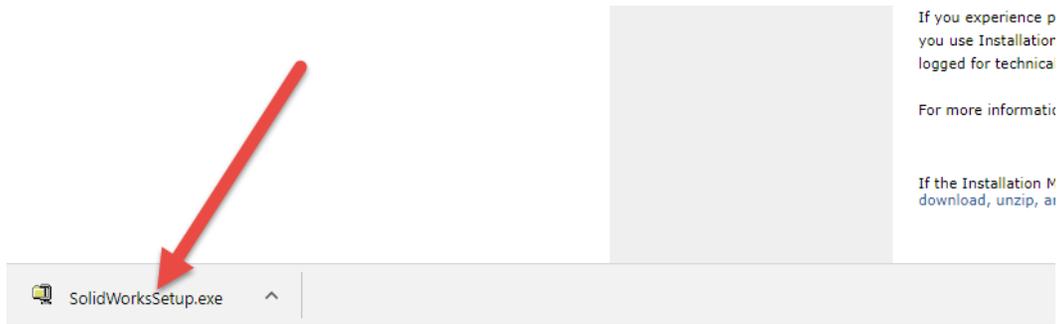

Download, unzip, and start the SolidWorks Installation Manager.

**Download** SOLIDWORKS 2017 Win7/Win8.1/Win10 64-bit Service Pack 3.0  
Click here for instructions if your browser security settings are blocking this download.

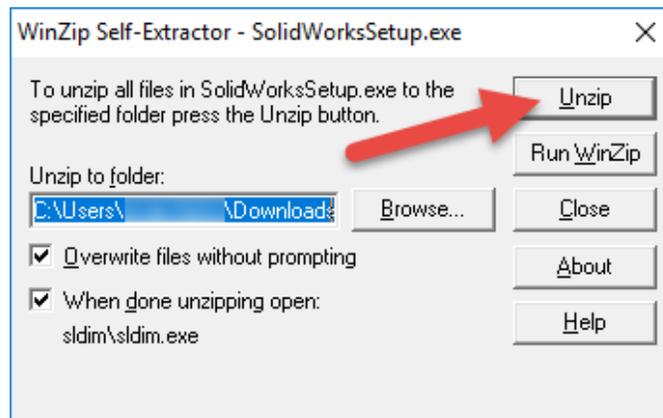

## INSTALL THE NETWORK LICENSE MANAGER

7. After the download has finished, locate the containing folder in your downloads bar or folder and click to run it.

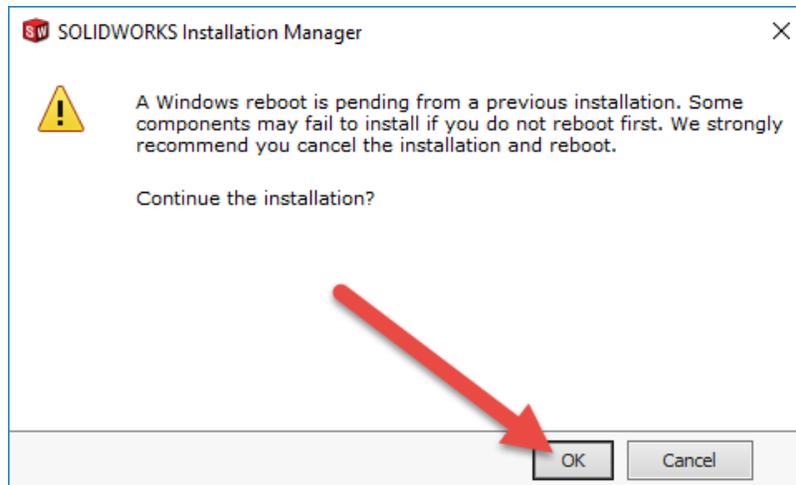

8. Click **Unzip**. Skip to step 10.

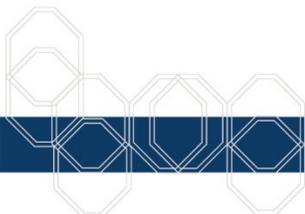

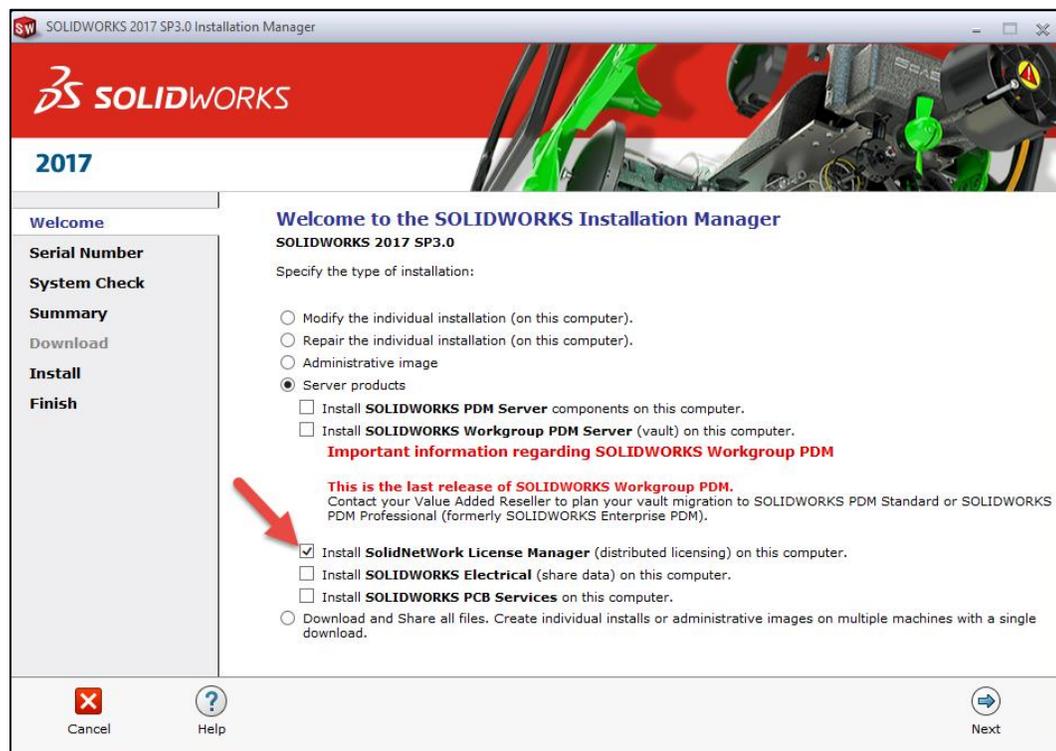

9. If installing from a media disk, click **Run setup.exe**

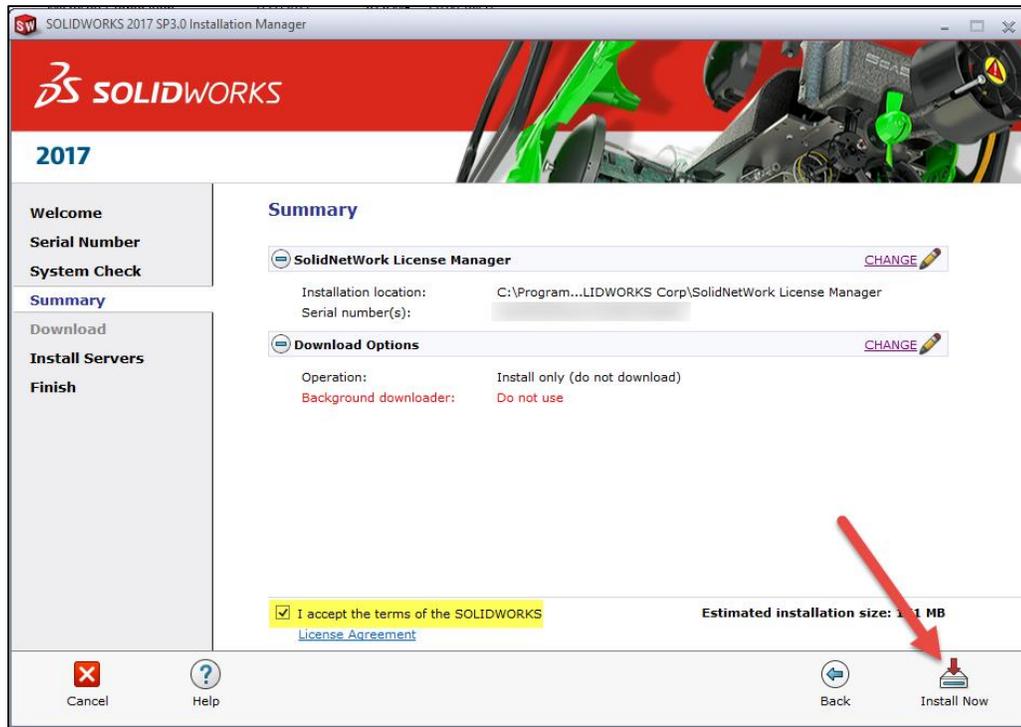

10. If you receive this message, click OK.

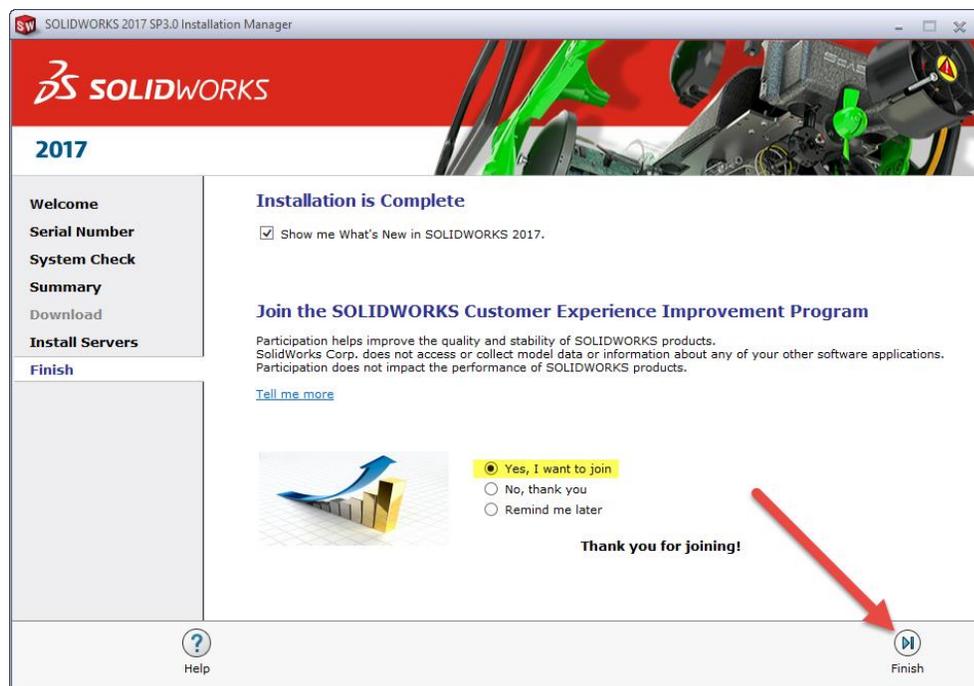

11. Select Server Products and check Install SolidNetWork License Manager. Then click Next.

12. Accept the terms of the SOLIDWORKS License Agreement and click **Install Now**.

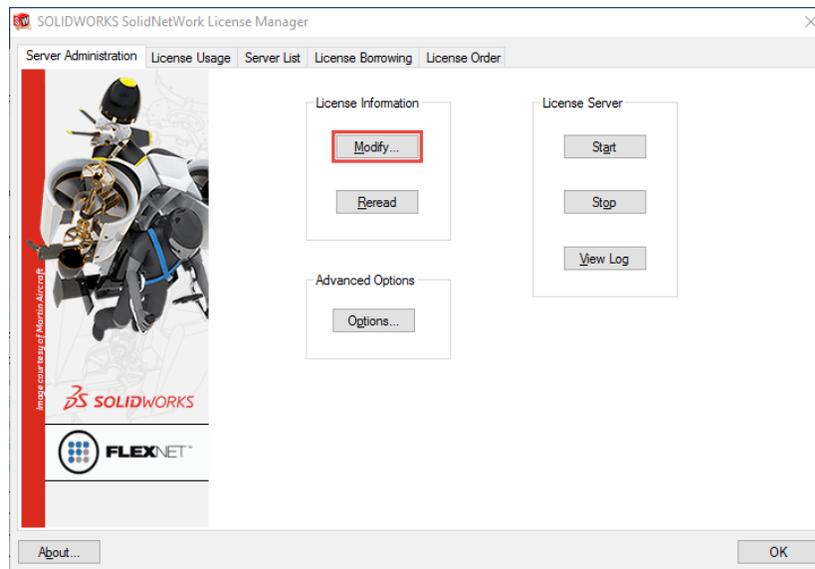

13. Click **Finish**.

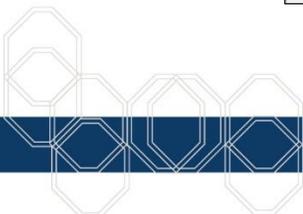

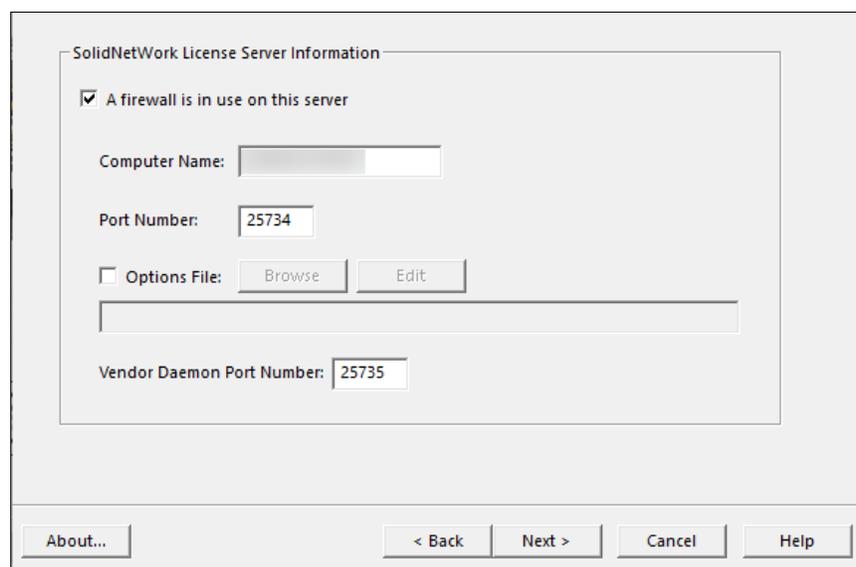

## ACTIVATE THE LICENSE

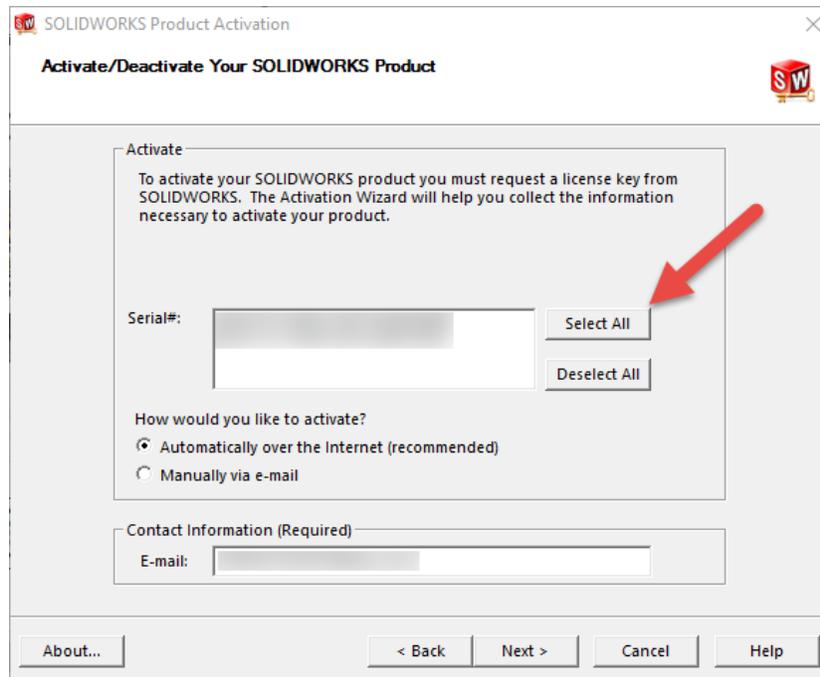

14. Open the SNL Manager. You should be prompted to reactivate the license. If not, navigate to the **Server Administration** tab in the manager and select **Modify**. Then, select **Activate/Reactivate your product license(s)**.

15. On the 'SolidNetWork License Server Information' page, check **A firewall is in use on this server**, verify that the computer name is correct and the ports are set to **25734** and **25735** as shown below. An options file can also be added at this step. This is optional. Click **Next** when done.

16. On the next page verify the serial number(s) and press **Select All**. Select **Automatically over the Internet** for the activation type and insert the contact email address. Click **Next**.

17. The activation will proceed and bring you to the result page. Verify the license counts listed and select **Finish**.

## QUESTIONS?

If you have any questions, feel free to contact GSC Technical Support at 800-454-2233.
