

SOLIDWORKS SUBSCRIPTION SERVICES

NEW SOFTWARE RELEASES & UPGRADES

Being a member has its privileges!

Stay current with SOLIDWORKS releases, upgrades and service packs that address important issues reported by the SOLIDWORKS community.

Access the latest software releases and service packs as well as previous versions of SOLIDWORKS in the [Customer Portal](#).

TECHNICAL SUPPORT

As a Subscription Services member, you now have full access to GSC's Technical Support. Our experts are ready to assist you in all things SOLIDWORKS.

Whether you prefer to research our extensive, curated depositories of information—or receive one-on-one support online or over the phone—GSC is ready with answers to your questions about product features, commands, installations, and software upgrades. We truly understand your business and what it takes to make it thrive. You can count on us for personalized support, specifically for you and your needs. Spend less time searching for answers and more time resolving your challenges and taking your projects to the next level.

SOLIDWORKS VISUALIZE STANDARD*

Need a "picture" of your 3D data? This is the fastest and easiest way to create photo-quality images, animations, and other 3D content. Sweetening the deal, SOLIDWORKS Visualize Standard can be used by anyone in your company—from design to marketing—creating a wider scope of accessibility for the designs created.

With Visualize Standard, 3D modeling and 3D visualization happen simultaneously, saving you time and hassle.

*Available to download for every SOLIDWORKS Professional and Premium license on active Subscription

CERTIFICATION

You want a team that's proficient, fast, and extremely comfortable using the design software. The Certified SOLIDWORKS Professional (CSWP) and Certified SOLIDWORKS Associate (CSWA) exams are available to Subscription Services members. Build your team's skills with six free exams per year for every seat of SOLIDWORKS purchased.

SOLIDWORKS CLOUD SERVICES*

Cloud Services connects SOLIDWORKS CAD data to the 3DEXPERIENCE platform, providing new capabilities to share, markup, store, access and manage 3D designs.

Cloud Service Benefits:

- **Share and Markup:** Share your 3D designs with ANYONE – directly from SOLIDWORKS.
- **Store and Revise:** An online storage hub that's purpose-built with CAD relationships and collaboration in mind.
- **Manage and Control:** Full access to a suite of tools to help manage data, work through formal change actions and approvals, and keep project tasks on track.

*Available to new purchases of SOLIDWORKS Desktop CAD licenses (Perpetual, Term, Standalone, or Network)

MYSOLIDWORKS.COM

Need information but aren't fully sure of your question? No problem. All your SOLIDWORKS content can be found in one place. Night or day. Tablet, phone, or desktop. No matter what you need, or when you need it, Subscription Services customers receive added features and values on [the site](#).

MySolidWorks Training

Access to over 600 on-demand training videos. Get answers to specific questions—or expand your horizons more broadly—with insights from countless users within our community.

User Forums

No matter what you use SOLIDWORKS for, there are people out there doing similar things and taking them to new heights. Connect with them, be part of a community, and get valuable insights from users who share your vision.

SOLIDWORKS CAM

SOLIDWORKS CAM Standard is now included as part of a Subscription Services membership.

SOLIDWORKS CAM Standard is a fully integrated, knowledge-based technology that allows you to integrate the design and manufacturing processes into one system.
