

INTRODUCTION

SOLIDWORKS users can submit Enhancement Requests to recommend and ask for features they want to see added to a future version of SOLIDWORKS. Votes can be added for each request to increase the likelihood of the enhancement being implemented. When voting for a request, only one user needs to do this to attach their company to the request.

STEPS IN PROCESS

1. Navigate to <u>www.solidworks.com</u>, click the profile icon, and then select the **SW Customer Portal.**

gsc-3d.com 800-454-2233 2. If you have an existing SOLIDWORKS ID, login and skip to step 5. If not, click on **Create a SOLIDWORKS ID**.
